Hot Shots Imaging has had an exciting 2016. We continue to invest in amazing team members that give their all so we can grow as a company. The willingness to continue to improve and not settle for complacency is a rare trait. We are grateful to have those with the drive to exceed expectations. With that being said, we would like to give a shout out to our team members that go...

ABOVE AND BEYOND!

SEAN BUTLER / COLORADO REGIONAL VP

OUR Sky Space opened its doors in June of 2016. Mass amounts of work from an operations standpoint were involved. Countless email threads for approval on graphics and other requirements were bounced through team members as well as coordinating all the in's and out's with the host company. The individual that went above and beyond to make this all happen as smoothly as possible, was Sean Butler. He continues to offer his insight when asked for another set of eyes on proposals, documents, hiring needs, etc.. the list goes on. Because of his flexibility and willingness to help grow our company every day we think it is beyond necessary to call him out on a job well done. Thanks, Sean!

SCOTT CAMPBELL / BILL SPEIDELS UNDERGROUND TOUR

Scott joined the Hot Shots Imaging team in 2015 as a manager for Bill Speidels underground tour. Since joining us at HSI, Scott has done an amazing job in a lot of areas that are important to maintaining a successful site. Obstacles were overcome when a complete remodel of the site occurred under Scott's management. His ability to continue business as usual during that time shows his flexibility and drive.

This was Scott's first year attending IAAPA in Orlando. He attended classes to further his knowledge and education as a manager, and helped with the construction of the tradeshow booth. Thank you for all you do, Scott!

IAAPA 2016 "ONE TEAM, ONE DREAM"

Another successful year at IAAPA in the books! IAAPA (International Association of Amusement Parks and Attractions) is the largest international trade association for permanently situated amusement facilities worldwide. The organization represents members from 99 countries. The focus of IAAPA is to help members improve their efficiency, marketing, safety and profitability while maintaining the highest possible professional standards in the industry.

Hot Shots Imaging exhibited this year with a new booth. The attractive layout and bright colors brought many potential business opportunities our way. The education part of the show was a success as well. There were many takeaways that we will be able to implement in 2017!
